Reliable, high-quality printing

Two affordable monochrome laser printers that deliver outstanding image quality and durability for personal use or in small workgroups

your document management partner

BP20/20N

FEATURES

The Lanier BP20 and BP20N deliver the capabilities you need in a monochrome laser printer, plus the exceptional reliability and high duty cycle you expect from a significantly more expensive system. These printers provide high-quality laser printing in a compact design that is easy to place and even easier to afford. The BP20 is ideal for dedicated personal use in a small office, home office, or executive suite, while the network-ready BP20N can serve as a shared resource in workgroups with three to five users.

Essential laser printing features

- Prints up to 22 pages per minute for quick and efficient results
- Up to 1200 x 1200 dpi image quality for clean, crisp, monochrome output
- Small footprint fits easily on a desktop
- Industry-standard interfaces for direct or network connectivity

Low total cost of ownership

- Low-cost laser printing
- Affordable, long-lasting supplies
- Extremely low cost-per-page for long-term savings

Reliable performance, easy maintenance

- Unprecedented duty cycle of 30,000 pages per month
- All-in-one toner cartridge is fast and easy to replace

Convenient capabilities

- Prints on a wide range of paper stocks, up to 8.5" x 14" (legal)
- Stack bypass makes it easy to print envelopes, transparencies, and labels
- Optional 250-sheet paper feed unit increases total capacity
- Mail print feature automatically pulls letterhead from one drawer and additional pages from a separate paper source
